

KNOW RISK KNOW RISK

Internal Audit & Business Risk

In today's dynamic and evolving business environment, companies are challenged to attract, hire, train, mentor, and retain the most effective resources to address their Internal Audit and Business Risk requirements.

Many companies now find themselves resource constrained and without the ability to effectively address discretionary projects required by management. Etonien's project and interim accounting professionals allow a company to have the manpower needed without the risk and rigidity of making full-time employment decisions.

All Etonien Internal Audit & Business Risk resources have extensive experience providing both internal and external audit solutions. Our resources have CPA credentials combined with corporate operating audit expertise and a minimum of 8 years total experience. Consequently, our clients benefit from efficiency in both time and cost.
